

# ESPREE™

## HIGH-PERFORMANCE HIGH-EFFICIENCY TOILET

### CONSUMPTION:

1.28 gpf

### COLORS:

White

EPA WaterSense-certified. Espree's high-efficiency design saves 20 percent more water than a standard toilet. The concealed trapway gives a sleek appearance and makes cleaning easier. What's more Espree has been performance-engineered for greater flushing power, exceeding all industry performance standards. More power. Less water consumption. That's the beauty of Espree.

- High-efficiency toilet saves 20% more water than a standard 1.6 gpf toilet and can save a family up to 6,000 gallons of water per year.\*
- High performance gives more flushing power, with less water consumption. Power that exceeds all industry performance standards.

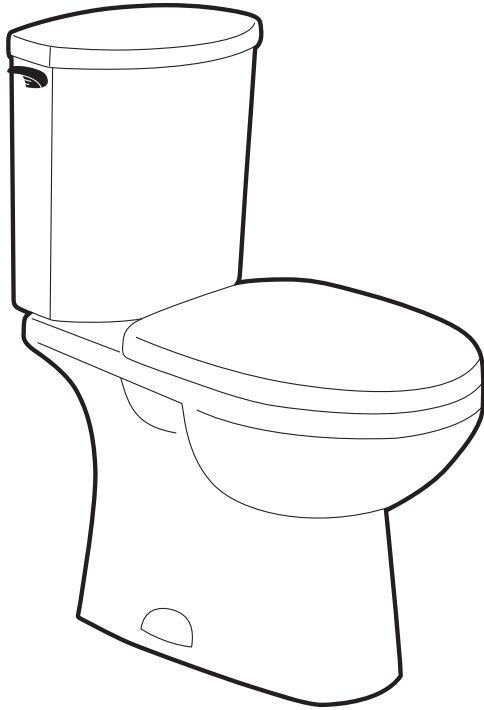

\* Based on usage of 10k gallons per fixture, per year using a 1.6 gpf toilet in home with 2 bathrooms
