Questions about Polar Coordinates..........?

Q#1: Sketch the Spiral of Archimedes: $r = a\theta$, (a>0) ?

Q#2: Sketch the hyperbolic Spiral: $r\theta = a$, (a>0) ?

Q#3: Sketch the equiangular spiral: $r = ae^{\theta}$, (a>0) ?

Note: Please explain me with step by step…..!

Please tell me as soon as possible…..!
