

1st Guest room closet & 2nd closet in Sewing room are identical. One closet w/doors off: note track is laid on floor. Photo 3 shows the new mirror doors standing up against the wall. Total number of doors = 4

Carpet needs to be cut to secure track on floor in both closets. Manufacturer states floor track is necessary for these bi-fold doors to function properly. Bi-fold doors are 36" x ~80" x 2 for each closet.
